Craig Wilson
Vice President Design & OEM
ITL Design & Manufacturing

Craig is Vice President of Design & OEM for ITL Design & Manufacturing and has over 20 years experience in design, product development and the manufacturing of medical devices, having held roles in leading industrial design consultancies in London before setting up his own industrial design business (CWP Design) in Sydney. In 2003 CWP Design became ITL Design & Manufacturing a subsidiary of ITL Limited a publicly listed Australian medical device manufacturer.

ITL Design & Manufacturing is a product development and manufacturing company that provides: research, strategy & planning, design, engineering, project management and manufacturing services to medical device

companies based on a commercially focused approach and process. Our Malaysian based manufacturing facility is 100% owned by ITL and is ISO 13485 accredited.
