**José Colucci**  
**Director**  
**IDEO**  
**Boston, United States**

José Colucci is a Health & Wellness Lead for IDEO Boston. He has been with the company since 2000 as a multidisciplinary project leader in projects ranging from medical device design to product strategy for large corporations. Currently, in addition to client product strategy, he supports multidisciplinary teams in healthcare.

Prior to joining IDEO José worked mostly for high-tech companies, including FUNBEC (General Manager, ten years developing medical and scientific instruments such as electrocardiographs, defibrillators, monitors, treadmills, insulin pumps, spectrophotometers, and ultrasound scanners), VisionMaker Canada (VP of R&D, five years: high-resolution pen-input video interface for computers), and a number of design consulting firms.

José has training and experience in both Mechanical Engineering (BSME - University of Campinas - Brazil, MS - University of Illinois at Urbana-Champaign) and Industrial Design (MS - University of S.o Paulo - Brazil). He also has a Ph.D. in Biomedical Engineering (USP and University of Illinois) and was awarded the prestigious Fulbright Scholarship for academic excellence.
