Philip Merryweather
Managing Director
Vericap Finance Pty Ltd

Philip has had 25 years international experience in law, investment banking and private equity. He was previously a partner in one of Australia's leading law firms, Mallesons Stephen Jaques, and then founded Vericap (www.vericap.com.au) in 2001.

Vericap provides corporate and financial advisory services to and invests in, unique Australian companies with global potential. Vericap has advised and invested in companies across a broad spectrum of industries, with a particular focus on bringing early stage technologies and know how to market in highly regulated environments.

Examples include:

- medical devices, including vascular and non in invasive drug delivery
- regulatory, compliance and product design
- chronic disease from obesity
- toxic and hazardous waste
- bio-metric identification.

Philip, based on his own market experience of many years, has indentified 12 key value creating qualities that internationally competitive and high valuable companies possess and use. He works closely with early stage companies he advises and invests in to re-shape both the way management think and operate to ensure their goals are directed towards achieving robust increases in stakeholder value.

Philip is currently also a director of a number of Australian companies including Waste Technologies of Australia and Prima Health Solutions.
